

## Hexion Inc. Receives Court Approval of “First Day” Motions to Support Normal Business Operations

April 2, 2019

***Obtains Interim Approval to Access up to \$600 Million of DIP Financing  
Business Segments Globally Continuing to Operate as Normal  
Restructuring Support Agreement Supported by More Than 75% of the Company’s Noteholders***

COLUMBUS, Ohio--([BUSINESS WIRE](#))--Hexion Inc. (“Hexion” or the “Company”) today announced that the Company has received approvals from the U.S. Bankruptcy Court for the District of Delaware for the “First Day” motions related to the voluntary Chapter 11 petitions filed on April 1, 2019. Hexion’s operations outside the U.S. are not included in the Chapter 11 proceedings.

The Court granted Hexion interim approval to access up to \$600 million of its \$700 million in debtor-in-possession (“DIP”) financing. This financing, combined with cash generated by the Company’s ongoing operations, is expected to be available and sufficient to meet Hexion’s operational and restructuring needs on a global basis.

“We are pleased to have received approval of our First Day motions, which will allow us to continue executing our strategy and providing our customers with the high-quality products and service they expect,” said Craig A. Rogerson, Chairman, President and CEO of Hexion. “We now have the support of more than 75% of noteholders across our capital structure on a consensual financial de-leveraging plan that will allow us to emerge on an accelerated timeline as a stronger, well-capitalized company. As we move through this process, we are committed to operating our business safely and efficiently while maintaining productive relationships with all of our business partners. Again, I want to thank our creditors, employees, customers and business partners for their continued support.”

Hexion also received approval of various orders that will allow the Company to operate in the normal course of business without interruption or disruption to its relationships with its customers, suppliers, vendors and employees. Hexion will pay suppliers to its U.S. operations for all goods received and services rendered on or after April 1, 2019, the filing date. The RSA intends that all general unsecured creditors, including its normal trade creditors, will be paid in full for prepetition amounts owed to them once Hexion emerges from Chapter 11. Suppliers to our operations outside of the U.S. will continue to be paid for all goods and services provided in the ordinary course of business.

As previously announced, Hexion has entered into a Restructuring Support Agreement (“RSA”) with the vast majority of holders of each of the Company’s notes issuances, representing consensus across its capital structure, on the terms of a consensual financial de-leveraging plan (the “Plan”). Under the RSA, creditors representing all of the Company’s tranches and holding more than 75% of the Company’s notes, have agreed to support, and the Company has agreed to pursue, confirmation of the Plan.

The RSA also contemplates that the Plan will provide for, among other things: (1) de-leveraging of the Company’s capital structure by over \$2.0 billion, (2) an infusion of \$300 million in equity capital through a fully-backstopped rights offering, and (3) a committed exit facility of over \$1.6 billion. Consummation of the Plan will be subject to confirmation by the Bankruptcy Court in addition to other conditions to be set forth in the Plan.

### **Additional Information**

### **Forward-Looking and Cautionary Statements**

Certain statements in this press release are forward-looking statements within the meaning of and made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. In addition, our management may from time to time make oral forward-looking statements. All statements, other than statements of historical facts, are forward-looking statements. Forward-looking statements may be identified by the words “believe,” “expect,” “anticipate,” “project,” “plan,” “estimate,” “may,” “will,” “could,” “should,” “seek” or “intend” and similar expressions. Forward-looking statements reflect our current expectations and assumptions regarding our business, the economy and other future events and conditions and are based on currently available financial, economic and competitive data and our current business plans. Actual results could vary materially depending on risks and uncertainties that may affect our operations, markets, services, prices and other factors as discussed in the Risk Factors section of our filings with the SEC. While we believe our assumptions are reasonable, we caution you against relying on any forward-looking statements as it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, our ability to obtain the approval of the Bankruptcy Court with respect to motions

filed in the Chapter 11 cases and the outcomes of Bankruptcy Court rulings and the Chapter 11 cases in general, the effectiveness of the overall restructuring activities pursuant to the Chapter 11 filings and any additional strategies that we may employ to address our liquidity and capital resources, the actions and decisions of creditors, regulators and other third parties that have an interest in the Chapter 11 cases, restrictions on us due to the terms of any debtor-in-possession credit facility that we may enter into in connection with the Chapter 11 cases and restrictions imposed by the Bankruptcy Court, the timing for resolving and any impact of the network security incident, a weakening of global economic and financial conditions, interruptions in the supply of or increased cost of raw materials, the loss of, or difficulties with the further realization of, cost savings in connection with our strategic initiatives, the impact of our substantial indebtedness, our failure to comply with financial covenants under our credit facilities or other debt, pricing actions by our competitors that could affect our operating margins, changes in governmental regulations and related compliance and litigation costs and the other factors listed in our SEC filings. For a more detailed discussion of these and other risk factors, see the Risk Factors section in our most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q and our other filings made with the SEC. All forward-looking statements are expressly qualified in their entirety by this cautionary notice. The forward-looking statements made by us speak only as of the date on which they are made. Factors or events that could cause our actual results to differ may emerge from time to time. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.
